SP1000

Design meets performance and High-Tech

The SP1000 is the new generation of Partner Tech POS Terminals. It is stylish and elegant designed combined with high-tech features.

Equipped with a Dual Core CPU, the SP1000 is the fastest fanless POS Touch Terminal on the market and an outstanding processing power is guaranteed.

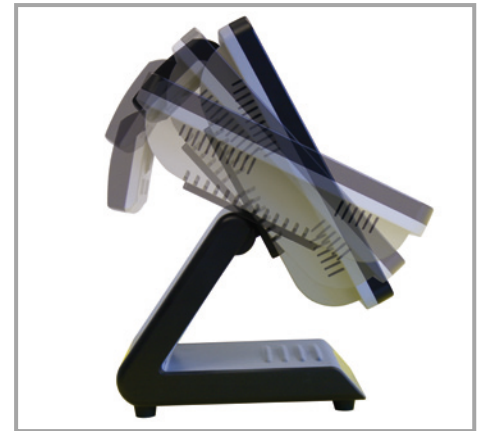

A real advantage is that it can have no moving parts, which is another reason for the extreme reliability and low maintenance requirements of the SP1000. This has a positive effect on long term costs. It is also practical, as the flexible monitor can be adjusted to meet the requirements of any workplace.

For Digital Signage application a stylish 11.6" monitor can be installed on the back side of the terminal.

Special Features
